

Ideal for Wembley and the Park!

The new ‘Next Generation’ of FA Respect Barriers The safest and most reliable barriers available

Leeds based **Touchline Logos Limited**, the FA’s only Approved Respect Barrier supplier, recently provided its new **Multi surface 3G base sets** and it’s new **Next Generation FA Respect Barriers** for the FA/McDonald’s National Football Festival held at Wembley stadium and nearby Northwick Park, one of the largest and most prestigious events in the junior football calendar.

Throughout the entire duration of the Northwick Park session, the **Next Generation of FA Respect Barriers** easily kept the large crowds of parents and spectators a safe and comfortable distance away from the playing area, ensuring players, match officials and spectators alike all had an enjoyable day to remember.

Later in the day the **Next Generation of FA Respect Barriers** in conjunction with the new **Multi surface 3G base sets** were also used, pitch side at Wembley Stadium to help channel all the teams on and off the hallowed Wembley turf.
